Why ezH2O?

Sensor Activation

Touchless, sensor activated filling system with automatic 20-second shut-off timer.

Graphic Ticker™

Informs users of number of 20 oz. plastic water bottles saved from waste.

Dual-Function

Complete cooler and bottle filling station in a consolidated space saving ADA compliant design.

Visual Filter Monitor
(filtered models only)

Green, yellow and red LEDs indicate filter status and when replacement is necessary.

3000 Gallon Filtration

Optional WaterSentry® Plus™ filter certified to NSF 42 and 53 for lead, particulate, chlorine, taste and odor reduction.

Easy Installation

Universal design adapts easily to existing plumbing systems.

ELKAY®

EZ WATER COOLERS WITH EFFICIENT REFRIGERATION SYSTEMS

Choose from a wide array of indoor and outdoor water coolers in a variety of styles and finishes, including many ADA compliant models. Elkay water coolers offer efficient refrigeration systems; waterway systems utilizing copper components and lead-free material; and a Filtrex System to prevent large impurities from entering the cooler.

The Elkay EZ models are our most popular water cooler series. These models offer easy-touch push bar or sensor-activated and come standard with a Flexi-Guard® Safety Bubbler. The extra deep basin minimizes splashing and features an integral drain.

Find the perfect water cooler for any application including medical facilities, schools, office buildings, malls and other high-traffic venues.
